University of Karachi - UBIT

BS in Computer Science

Karachi, Pakistan

Feb. 2021 – Apr. 2024

Govt. Dehli College

Intermediate – Pre-Engineering

Karachi, Pakistan

Apr. 2017 – Apr. 2019

EXPERIENCE

Karsaaz Entire Business Solutions

Front End Developer – Mid Level Developer

Karachi, Pakistan

Jan. 2025 – Present

- Developed and maintained platforms including ERP, Karsaaz EBS Corporate Website, Karsaaz EBS Fintech, Karsaaz Wallet, and Karsaaz Agent Platform using Next.js, Tailwind CSS, Material UI, and REST APIs.
- Built dynamic admin panel-driven applications, enabling teams to manage and update content independently.
- Developed responsive and scalable user interfaces for enterprise, fintech, and digital payment solutions.
- Built reusable components and collaborated with backend teams to ensure seamless API integration.

Xenasys Pvt. Ltd

Front End Developer – Internship

Karachi, Pakistan

Oct. 2024 – Dec. 2024

- Developed and enhanced frontend modules for the Franchise Management System using ReactJS, Tailwind CSS, and Material UI.
- Contributed to a live production application, ensuring responsive and consistent user experiences.

DevLogix

Front End Developer – Internship

Karachi, Pakistan

Jul. 2024 – Oct. 2024

- Developed responsive interfaces for the Human Resource System using ReactJS, Tailwind CSS, and Material UI.
- Contributed to requirement gathering, SRS documentation, and frontend implementation throughout the project lifecycle.

KEY PROJECTS

Enterprise Resource Planning (Karsaaz) | Next.js, Tailwind CSS, Material UI, Redux

Jan. 2025 – Present

- Developed ERP interfaces with FastAPI integration and Redux-based state management.
- Contributed to CRM modules including User Management, Roles, and Access Control using Java-based REST APIs and PostgreSQL.

Human Resource System (DevLogix) | Next.js, Tailwind CSS, Material UI

Jul. 2024 – Oct. 2024

- Developed responsive interfaces and reusable components for a Human Resource Management System.
- Collaborated on frontend implementation to deliver a consistent and user-friendly experience.

Franchise Management System (Xenasys) | Next.js, Tailwind CSS, Material UI

Oct. 2024 – Dec. 2024

- Developed and enhanced frontend modules for a Zong Franchise Management System.
- Built responsive interfaces while maintaining consistency and usability across the application.
